Real Flat Colour Television

34PT6361

Product Information

Display
Black Matrix Real Flat Tube
A technological breakthrough over the rounded conventional tubes. It delivers excellent picture quality, perfect images from any angle of the screen and an anti-reflection coating to prevent straining of the eye for maximum viewing comfort.

Picture
Double Window with 2nd Channel Audio on Headphone
Watch two shows, side by side, without a VCR! Two separate tuners let you select two shows and display both in windows of equal proportion. Or you can watch one show in one window, while scanning channels in the other window. Surf during the commercials without missing anything on your selected program! In addition, this new feature allows access to 2nd Channel's audio via the headphone.

Digital Comb Filter
Digital circuitry clearly separates black and white detail from colour data virtually eliminating dot crawl and delivering unmatched, razor-sharp picture performance with 800+ lines of horizontal resolution.

Incredible Picture
Creates a remarkable increase in clarity and sharpness at the point of transition from dark to light areas of the video image for a picture so sharp and well defined that you'll never want to go to the movies again.
Package includes:
- Green Enhancement
- Histogram
- Luminance Transcient Improver
- Skin Tone Correction

3-Position Colour Temperature *(Warm, Normal, Cool)*
Dynamic Noise Reduction *(DNR)*
Picture In Picture *(PIP Size 1/4 or 1/9, Freeze, Position, Scan, Swap)*
Scan Velocity Modulation (SCAVEM)
Smart Picture *(Soft, Natural, Rich, Personal)*

Reception
• Tuning system	PLL digital tuning
• Tuner	UV, S and H Tuner
• Channel selection	PAL: 100 presets NTSC: 181 presets
• Video playback	NTSC 3.58/4.43/PAL 60

Teletext (when available)
• 10-Page Teletext (Fastext)
A Teletext system to choose Teletext-pages via 4-coloured "fast" keys on the remote control with storage capability of up to 100 pages.
